

Policy Advisory Committee (PAC) Kick-Off Meeting  
May 5, 2003

Notes:

- PowerPoint presentation – see .ppt slide show
- Open House – July 9<sup>th</sup> – 4 to 6 pm at the Randolph North Park – Clubhouse
- Program Bulletin Update
  - By May 30<sup>nd</sup>
  - Set-up the format for both Luke, DM, AUX-1, and the statewide guidelines
- Next PAC meeting present the “data set” for consideration/support/validation
- Schedule – completed plan by December 15, 2003
  - PAC Meetings
    - Mid-June – the next PAC meeting – June 18<sup>th</sup>
    - Mid-July
    - Mid-August
    - Mid-September
- Base’s Role for Open House
  - Whatever they want – what do you want the public to know about “you”
  - Information on the flight paths, etc.
- Open House (July 9<sup>th</sup>) Would like to see that there is ACTUAL information about the process of the plan and the BASE (DM) – JLUS information
- Want to see...what is REALLY going on with the STUDY – hard data/facts.
- Why is the area of LUKE like a rectangle – opposed to a fan shape “paddle” with DM (trapezoidal shape)? Approach/departure – goes to 50,000 feet – because 75% to 85% of the live ordinance flies to the south/east – DM has gone beyond the AICUZ guidelines – in place since 1982.
- Transfer of development rights – DM paddle lands are majority of State lands surrounding the departure – hard to do TDR
- Open House – JLUS point of view is very important to be at the FOREFRONT– where we are in the JLUS study – here is the information – what can we do more – what does the public want to see – what information would you be able to present? Other booths at the O/S should be in an effort/position to support City of Tucson, Pima County, and the DM AFB.

# ARIZONA MILITARY REGIONAL COMPATIBILITY PROJECT

---

## DAVIS-MONTHAN AIR FORCE BASE

- Public informational meeting – going to occur early to mid-September – here we are – here are the alternatives/strategies
  - Good idea – would like to see more than one so that the public has the chance to be heard, etc.
- Open House – are you going to make sure that the public is NOT ONLY aware of the economic value of the BASE, but that there are other ways that the BASE is valuable – it is a “community partner” not just an economic stimulant
- Open House – History of the PLAN – JLUS – inter-land use regulations – need to be aware of the paddle – this is a NEXT STEP in the progression of events to protect DM
  - Chronology and history of events in relation to land use surrounding DM
  - Talk about the PAC
- Send the notes to the PAC members from the “working group” meeting
- Put together the PAC members contact list – of all the stakeholders
- What is a good PAC meeting date, **Wednesday’s is GOOD – June 18<sup>th</sup> 1:30 to 3:30 pm**
- Can we send a “delegate” in place of the actual member? YES, please!
- Send us articles – different clipping services – put together a list and get people that would be interested – does someone from DM do it? – ask Major Carruthers
- Who has the lead with the public participation – POC is Deb Sydenham (ADOC)
- Thought – data/issue – could us available in a conference calls – be available as a possibility – could schedule a conference call before the next meeting.
- Land use plan – this is the DM Land Use Compatibility Plan – it will be recognizable as a LAND USE plan.
