

GROWING AND STRENGTHENING ARIZONA'S ECONOMY

FISCAL YEAR 2021 ECONOMIC IMPACT AND RESULTS

FOSTERING ECONOMIC PROGRESS

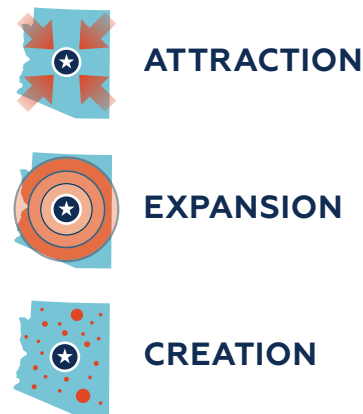

The ACA has a targeted strategy to improve Arizona's economy by facilitating quality job creation through business:

- Attraction
- Expansion
- Creation

FOUNDATION

Establish programs that provide the economic development foundation for Attraction, Expansion and Creation.

Lead efforts to create **80,000** projected new jobs with a focus on high-wage target industries.

Attract **\$7 billion** in capital investment to Arizona.

Increase average wage of the jobs created to **150%** of the state's 2017 median wage.

Elevate Arizona to a **top-five state** as measured by entrepreneurial density, funding and connectivity

Expand export revenues across target industries by **25%** over five years.

FOUNDATION

statewide, long-term economic development initiatives, including:

ACA Ten-Year Anniversary: Since the ACA's creation in February of 2011, the agency has successfully won 987 competitive projects from companies that have committed to creating 204,414 projected new Arizona jobs and investing \$58 billion in our state – far exceeding agency goals.

Small Business Boot Camp: The ACA continued its highly successful virtual programming for small businesses, originally launched to provide support in navigating the pandemic, with sessions held three times per week and attended by 5,698 people during FY 21.

Back to Work Small Business Hiring and Retention Program: As part of Governor Ducey's Arizona Back to Work Plan, the ACA helped administer this grant to assist locally owned or operated businesses impacted by the pandemic with employee hiring and retention efforts.

Drive48 Manufacturing Training Center: Designed to complement the Arizona Advanced Technology Network curriculum, this state-of-the-art facility in Pinal County was opened in FY 21 and will prepare students for careers in advanced automotive manufacturing.
