

A program of the
ARIZONA
COMMERCE AUTHORITY

presents

Training Within Industry (TWI)

How many of your supervisors have had...
...formal training on how to train others?
...formal training on how to lead people
and handle people problems?

Learn more about how TWI can help you provide a standardized set of tools to effectively handle the challenges they face

Job Instruction

Instructs leaders in the skill of training others

reduced scrap, rework, machine down time and turnover

Job Relations

Teaches individuals how to lead others and handle problems

reduced turnover, grievances and improved communications

Job Methods

Enables supervisors to assess and improve processes to achieve greater use of manpower, machines, and materials currently available

reduced waste and increased production

Training Within Industry, TWI, is a dynamic program of hands-on learning and practice, teaching essential skills for supervisors, team leaders, and anyone who directs the work of others.
