

QuickBooks Accounting 101

Using QB Reports For Your Day-to-Day Operations

LIVE WEBINAR: Friday, March 19TH

In this webinar you will learn about various report groups and how best to use them in running your business. Using QuickBooks reports and your accounting data you can have a better understanding of day to day operations, areas of opportunity, benchmarks, goals, and projections. We will explore the areas of receivables, sales, inventory, and payables.

Participants will learn how to:

- Manage and project cash flow
- Create a company snapshot
- Customize reports
- Interpret month end financials
- Develop and use budgets

Please note that this is an afternoon webinar!
Wrap up your week with this engaging and informative event!
