A Growing Trade Partnership

Arizona has become the premier state for advanced manufacturing and high-tech industries anywhere in the United States. This reputation was further strengthened by TSMC's selection of Arizona as the home of six leading-edge advanced semiconductor fabs, two advanced packaging facilities and a major R&D Center.

Innovation is central to both Arizona and Taiwan's vision for long-term business prosperity, serving as a shared foundation for continued partnership. With **exports totaling \$1.3 billion and imports totaling \$3.6 billion in 2024**, Arizona and Taiwan's growing trade relationship represents a mutual focus on advancing cross-border economic and commercial ties.

\$1.3B EXPORTS

FROM ARIZONA TO TAIWAN

161.7% INCREASE FROM 2019-2024

\$3.6B IMPORTS

FROM TAIWAN TO ARIZONA

369.7% INCREASE FROM 2019-2024

CAPITAL INVESTMENT: **\$165B**

JOBS: **6,000+**

TSMC's historic announcement cements Arizona as the epicenter of advanced chip manufacturing and innovation in America, said Governor Katie Hobbs. With the country's most advanced chip-making processes, world class university partners, and a robust and growing talent pipeline, Arizona is powering the groundbreaking technologies of the future like AI. I'm grateful to President Trump, TSMC, and all our partners for making this historic day possible.

— Arizona Governor Katie Hobbs
