During FY2023, the Authority awarded grants in accordance with A.R.S. § 41-1545.02(A)(2) through two of the following four (4) programs supporting rural and small businesses:

1. Program: Rural Economic Development Grant (“REDG”)

Objective: The REDG is a competitive grant program designed to help rural Arizona communities develop infrastructure that strengthens their capacity and competitiveness for economic growth, and thereby ultimately improves economic conditions and enhances the quality of life in rural Arizona. To that end, the REDG provides grants to partially fund qualifying rural infrastructure projects that will generate private sector job creation (or retention) and capital investment, particularly in base industries. These grants are often part of long-term projects and may not result in immediate job creation.

Awards: No REDG awards were made in FY2023.

2. Program: Arizona Innovation Challenge (“AIC”)

Objective: The AIC is a competitive business plan competition that encourages commercialization of new technologies and small business growth, which may not result in immediate job creation and capital investment.

Awards: Aggregate AIC awards of \$1,500,000 were made in FY2023.

Grantees: AIC awards were made in FY2023 to the following 10 grantees:

- | | |

This program extends ACA’s reach throughout Arizona with a constant presence via the SBDC staff promoting state programs and resources to small businesses.

Awards: Aggregate AIC awards of \$335,000 were made in FY2023.

Grantee: Maricopa County Community Colleges

[1] The AIC grant program is a competitive business plan competition that encourages commercialization of new technologies and small business growth, which may not result in immediate job creation and capital investment. While Job Creation may be anticipated as part of the grantee's performance milestones, job creation is often not required to fulfill the milestones.

[2] Beginning with the FY19 cohort, the grantee's performance milestones are tied to passage of coaching sessions through the Venture Ready Program and therefore do not involve set job creation milestones. Job Creation will be tracked and will be recorded upon close of the grant.
